

XTREME™ EPDM RUBBER BANDS

Alliance Rubber Company's Xtreme™ EPDM Bands offer a long term solution to properly organizing your files. Regular rubber bands degrade over time, but Xtreme™ EPDM Bands will keep your files bundled without the risk of losing valuable information due to a brittle band.

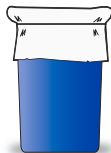

X-TREME™

EPDM BANDS

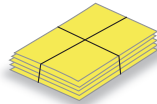

Our X-Treme Bands are non-latex rubber bands made from a type of synthetic rubber called EPDM (Ethylene Propylene Diene Monomer). This type of rubber gives the bands outstanding properties that make it resilient to UV, heat, ozone, weather and age. Each 7" X 1/8" band has built-in longevity and offers a wide range of applications for home, office, and recreational use.

Active & Archival Filing

Trash Can Liners

Catalogs, Magazines & Printouts

Bundling Gear

Food Storage

Home Gardening

VALUE

Xtreme™ EPDM Rubber Bands are the perfect size for file folders. They are more durable and long lasting than regular rubber bands, making them the solution for archival filing. Available in black and green for color coding.

WHERE TO SELL

Business Filing, Stores, Government, Legal, Medical, Record Management, Federal Agencies, Tax Collectors & CPA's, Construction, Architecture & Education, Detective & Police Travel

TIPS

Organization of important files, management of clutter, and office storage is integral to every organization. Whether sorting literature, processing mail, or archiving official documents, Xtreme™ EPDM Bands are essential to any office storage and filing system.
